

## **INCLEMENT WEATHER POLICY LIGHTNING POLICY:**

Middle Creek Outdoors does allow shooting in the rain; however, we do not allow the practice of hunting game birds in the as it hinders the birds from taking flight. We want all of our guests to have the best experiences here at Middle Creek Outdoors. If rain does not subside within one hour of starting guests will be asked to reschedule their hunting or shooting experience. If lightning is present within a ten-mile radius of the property all individuals will be asked to vacate the shooting fields and hunting areas to take shelter indoors.

**TORNADO POLICY:** If Middle Creek Outdoors enters a Tornado Warning it will be suggested that all individuals vacate the property and seek shelter elsewhere due to the fact Middle Creek Outdoors does not have any form of subterranean basement. If dire circumstances arise and individuals are still on the property Middle Creek Outdoors does have an emergency action plan in place.

**WINTER WEATHER POLICY:** If any of the following conditions arise, Middle Creek Outdoors may not open the trap range for daily business: 1. If area schools, events, or local roads are closed due to winter weather conditions. 2. If there is a weather forecast of: a. Winter weather advisory/warning/alert in effect b. 100% chance of winter precipitation to occur overnight and into the next day c. Extreme frigid temperatures and wind-chills (Management's discretion).

**Controlled Shooting Area:** all hunting will be suspended in the event of a winter whether advisory, this does not include snowy conditions as we will operate in the snow as long as the guests willing confirm to do so. During the event of dangerous cold temperatures, the CSA will be closed until temperature returns to normal for the time of year.

**Winter Weather Closures will be announced on Middle Creek Outdoors Facebook page, and Instagram. Middle Creek Outdoors will also send out a Constant Contact email to all subscribers.**
